

Memo: SJSD Spring Sports and Activities
March 16, 2020, 11:00 a.m.

Good morning,

The St. Joseph School District leadership team continues to engage in ongoing discussions related to the potential impact of the COVID-19 outbreak on our community in the days and weeks ahead.

Part of that discussion includes the impact on spring sports and activities. This morning, we received word that MSHSAA will be putting out a statement later today on the matter. The City of St. Joseph also [signed an emergency declaration](#) today banning gatherings of 50 people or more. Although the declaration provides an exception for “day-to-day operations such as schools,” the district is taking proactive measures to limit the risk to our staff, students and their families. In light of this, we will be suspending all SJSD activities, including spring sports, effective today, March 16, 2020 until further notice.

This scheduling announcement addresses activities and spring sports only at this time.

Discussions and decisions related to other areas of impact in our district are still underway. We will send updated communication as soon as we know more.

As a reminder, information, news and resources related to COVID-19 will be updated [at this link](#).

We appreciate your understanding and patience. This is a unique situation for all of us and it is evolving daily. We will do our best to keep you informed as additional information becomes available.

Thanks,

Dr. Robert Sigrist
Director of Non-Academic Support and Student Services
St. Joseph School District
