

April 6, 2020

Dear SJSD families,

We are writing to inform you that updated learning guides have been created for students in kindergarten through 8th grade. The learning guides include activities that **do not** require internet access.

- If your child has internet access, please continue to utilize the resources provided online by the district and your child's teacher.
- If you need the new printed learning activities for your student, the materials will be available for pickup during the meal distribution on Wednesday, April 8<sup>th</sup>, from 8-10:30 a.m. at the following locations: Benton High School, Central High School, Lafayette High School, Carden Park Elementary School and Coleman Elementary School

Also, this week's meal distribution for Wednesday, April 8, will include meals for the rest of the week. **Due to Good Friday, there will not be a meal distribution on Friday, April 10.** The meal distribution will resume the Monday, Wednesday, Friday schedule starting April 13.

The latest updates are all posted on the district's website [at this link](#).

Thank you for continued patience, support and understanding during this unexpected school closure. We appreciate your efforts to work in partnership with the St. Joseph School District as we provide distance learning to all students.

Sincerely,

Dr. Doug Van Zyl  
SJSD Superintendent
